EQUINE ASSISTED THERAPY FOR YOUNG PEOPLE WITH DISABILITY

McINTYRE CENTRE
Riding for Disabled
ABOUT MCINTYRE CENTRE
For more than 50 years, McIntyre Centre (McIntyre) has been providing equine assisted therapy and recreational programs to thousands of young people with disability. McIntyre’s founders pioneered riding for disabled in Australia and today we service almost 400 young people through 7,500 riding and groundwork sessions each year.

PROMOTING INCLUSION, COMMUNITY PARTICIPATION AND ENGAGEMENT IN A SUPPORTED OUTDOOR ENVIRONMENT.

MAKE A DIFFERENCE BY SUPPORTING US
Our unique Horse Sponsorship Program gives individuals, businesses, schools and clubs an opportunity to sponsor one of our specially trained horses who provide motivation and physical therapy to young people with complex needs.

FUTURE HORSE FUND | You may also consider donating towards our Future Horse Fund. This will directly assist us in purchasing additional horses to ensure the sustainability and growth of our programs. Help us to support even more people with disability.

OUR HORSE SPONSORSHIP OPTIONS
The care of our horses at McIntyre and the specialist programs we deliver, are vital to our provision of life-changing services to the disability community.

- HORSE CARE SPONSORSHIP | Help us provide our horses with the highest quality care. Without the generous support of our sponsors, this level of care and attention would not be possible. This option provides you with an opportunity to direct your support towards one of our specially trained therapeutic horses, where your valuable contribution will help keep our herd fit and healthy.

- HORSE PROGRAM SPONSORSHIP | Make a real difference to the life of a young person, by granting them the opportunity to experience positive engagement with our horses in an ‘outdoor classroom’ learning environment. McIntyre’s horse programs support the health of young people with disability and have been proven in encouraging them to push the boundaries of their own ability. This takes place through structured equine assisted therapy with our Nationally accredited coaching staff.

MCINTYRE CENTRE HAS BEEN PROUDLY HELPING CHILDREN WITH DISABILITY TO IMPROVE THEIR PHYSICAL, SOCIAL AND MENTAL HEALTH SINCE 1964.

“Supporting McIntyre Centre aligns to NAB’s core values and we are proud to be part of their journey.”
- NATIONAL AUSTRALIA BANK LTD -

WHAT WE DO
Deliver equine sessions within a therapeutic framework for people with disability, to improve mobility and posture, learn social cues, connect with others, and gain confidence and independence.

Be part of our future by helping us purchase 25 horses by 2023. Every non-sponsorship donation will go directly into our Future Horse Fund.

THE FUTURE HORSE FUND
Maintaining a fit and healthy herd and being able to support more young people with disability means purchasing additional horses. That’s why all donations to McIntyre exclusive of the Horse Sponsorship Program are directed to the Future Horse Fund, with the aim of purchasing five new horses each year. This enables us to:

- Offer programs to more young people with disability who currently sit on waiting lists.
- Meet the changing and diverse needs of our participants and the community, in line with the National Disability Insurance Scheme (NDIS) (i.e. requests to deliver more 1:1 sessions).
- Account for an aging herd and the retirement of some horses in the coming years.
- Increase the number of weight bearing horses in our herd to support our teens and adult riders.

EACH NEW HORSE IS AN INVESTMENT OF APPROXIMATELY $10,000 - COVERING PURCHASE, TRAVEL, EQUIPMENT AND SPECIALISED TRAINING.
